

## Veiled Soles

**Date**

1994

**Primary Maker**

Leslie Wilcox

**Medium**

Relief formed fiberglass and aluminum screens with staples

**Description**

From the portfolio forward: "While figurative in nature, Wilcox's work moves beyond the human form in both scale and intent. Working with wire screen, resin, concrete and found objects, the artist fabricates clothing-like shapes emphasizing the absence of the figure while, often humorously, commenting on social interactions. Wilcox attended the Museum School of Fine Arts on scholarship, and is a member of the Reclamation Artists and frequent contributor to Boston's First Night festivities. Veiled Soles is a relief formed fiberglass and aluminum screens with staples."

**Dimensions**

Sheet: 13 1/4 x 11 in. (33.7 x 27.9 cm)
